RIVARESTORE
Made in Italy

Spare-parts Rivarossi 1:80

SL 12

Material: brass
Processing: nickel palted

Notes construction techniques and quality

Slides for external rail on the left but also available on request unpaired, a right and left pair for a single item. They must be mounted on AC models from the 40s and 50s. Version of the second type nickel-plated and more rounded than the SL 11 article. For FNM, AN1 and B&0
